

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

November 22, 2021

Dear King Members, Friends, and Family:

COVID-19 is still spreading in our communities. Waupaca County is reporting very high COVID-19 case activity today. Please take steps to protect yourself and others.

Since we last updated you on November 18, we have had 4 employees test positive for COVID-19. Currently, we have 10 cases of COVID-19 on campus (0 members, 10 employees). We are pleased to report 2 of our employees have recovered as well.

An update from CMS regarding visitation guidance: If a visitor, resident, or their representative is aware of the risks associated with visitation, and the visit occurs in a manner that does not place other residents at risk (e.g., in the resident's room), our members can receive guests.

Potential visitors who have a positive viral test for COVID-19, any symptoms of COVID-19, or currently meet the criteria for self-quarantine, should not visit our Home until they have fully recovered.

As always, please exercise personal caution to remain safe and healthy. If you do plan to visit our Home, all visitors are required to check-in when arriving, wear a mask indoors, maintain 6 feet distance from others, and wash your hands frequently.

We continue to ask everyone to please get vaccinated and sign up for a booster shot. The booster shot has now been approved for anyone age 18+. Please visit <https://vaccinefinder.org> to find a location near you.

Please do your part to protect each other, our staff and our veterans living at our Home.

Sincerely,

Tammy Servatius, Commandant
